diseases**

Course Specifications

**Doctorate degree of Tropical medicine and Infectious
Diseases**

First part: TROPID 9003 (Internal Medicine)

2024 -2025

Course Specifications of Tropical medicine and infectious diseases
Doctorate degree- First part- TROPID 9003

University: Tanta

Faculty: Medicine

Department: Tropical
medicine and infectious
diseases

A- Administrative Information

1. Course title: Internal medicine
2. Department offering the program: Tropical medicine and infectious diseases department
3. Department responsible for the course: Internal medicine department
4. Course code: TROPID 9003
5. Level: First part
6. No. of Credit / taught hours: 6 credit hours

NB: parallel to the course in same semester there are

Scientific activity for 1 credit hour

Elective course for 1 credit hour

Authorization date of course specification: 3/11/2024

B- Professional Information

1 – Overall Course aims

This course aims to help the student acquire a basic knowledge of internal medicine, in those areas relevant to differential diagnosis and management of patients suffering from endemic or infectious diseases

2 – Intended learning outcomes (ILOs):

A-knowledge and understanding:

1. *By the end of the course, graduates should be able to:*
 - a. 1-Identify the theories and principles of general internal medicine.
 - a. 2- Identify the theories and principles of renal dysfunction.
 - a.3- Identify the theories and principles of anemia
 - a. 4- Identify the theories and principles of thyroid dysfunction
 - a. 5- Identify the theories and principles of water and electrolyte imbalance
 - a. 6- Identify the principles of quality assurance in medical practice.

B-intellectual skills

By the end of the course , graduates should be able to:

- b. 1- Analyze medical problems referring to their roots in basic science.
- b. 2- Interpret common medical problems related to diabetic ketoacidosis and hypoglycemia.
- b. 3- Interpret common medical problems related to renal dysfunction.
- b. 4- Interpret common medical problems related to anemia.
- b. 5- Interpret common medical problems related to thyroid dysfunction.
- b. 6- Interpret common medical problems related to water and electrolyte imbalance.

C-professional &practical skills

By the end of the course, students should be able to:

- c. 1-Analyze clinical data of a given case in a provisional sheet and develop a management plan for clinical case.
- c. 2- Classify and interpret common investigation reports related to the taught topics.
- c.3- Evaluate a referring medical report about a clinical case, reflecting its diagnosis and management plan, and respecting legal aspects.
- c.4- Perform detailed physical examination of patients with taught topic related diseases.

D-general transferable skills

By the end of the course, students should be able to:

- d. 1-Communicate effectively with colleagues and patients.
- d. 2-Apply different learning resources to acquire knowledge and information.
- d. 3- Communicate with a medical team in patient care wards.
- d. 4- Adopt effective practice of continuous medical education

3-Course contents

Topics	Theoretical	Practical	Total credit hour
General Internal Medicine	2	4	6

Detailed curriculum and logbook are annexed

Internal medicine Course for the Tropical medicine and infectious diseases
Doctorate degree- First part- TROPID 9003- Course Specification 2024 -2025

The course topics

	Practical	Theoretical
<ul style="list-style-type: none">• Water and electrolyte imbalance• Acute Kidney Injury• Diagnostic approach to a case of chronic kidney disease• Diagnostic approach to thyroid dysfunction• Diagnostic approach to a case of anemia	4 credit hours / 120 taught hours	2 credit hours / 30 taught hours
Total	6 credit hours	

4-Teaching and learning methods

Methods of teaching and learning	ILOS
Lectures	a1-6
Clinical training	b1-5, c1-4, d1-5

5-Student Assessment

- Final exam included in the MD first part exam.

Methods of assessment	ILOS
Written	a1-6, b1-5
Practical	d1-5, c1-4
Oral	a1-6, b1-5

6- Weighing of assessments

Method of assessment	Marks
Written	80 marks
Practical	30 marks
Oral	40 marks

**Internal medicine Course for the Tropical medicine and infectious diseases
Doctorate degree- First part- TROPID 9003- Course Specification 2024 -2025**

Total

150 marks
