

## Medical parasitology third year Course report

University: Tanta

Faculty: Medicine

Department: Medical Parasitology

### 1- administrative Information

1. Course title: Medical parasitology

Code: TMED.03:04

2. Department offering the course: medical parasitology-109: department 223-5(.)5( A3(ea)79)-4(e)8m-7

5. Discussion of student performance including any reasons why the grads (above) do not conform to a normal distribution, or skewed:

A large number had high grades (44% **excellent** & 26.2 % **verygood**) this may be because:

\*the students have a self- evaluation book of the department & were well trained throughout the year on the different methods of assessment. However, the members of the Council of the Department decided that the written examinations include 10% for the outstanding students.

- ◁ There is no calendar to know the determined times for examinations or vacations at the beginning of the academic year.
- ◁ Resources for independent learning are insufficient (e.g. the resources in the library of the faculty)

- Supplying
