Personal Information

Full name
 Occupation
 Place of birth

Employment

: Demonstrator,
 Microbiology
 Department, Faculty of
 Medicine, Tanta
 University.
 : Assistant Lecturer,
 Microbiology
 Department, Faculty of

Medicine, Tanta University.
 : Lecturer, Parasitology Department, Faculty of Medicine, Tanta University.
 : Assistant Lecturer, Parasitology Department, Faculty of Medicine, Tanta University.
 : Professor of Parasitology, Faculty of Medicine, Tanta University.
 : Head of of Parasitology, Faculty of Medicine, Tanta University University.
 : Emeritus Professor of Parasitology, Faculty of Medicine, Tanta University.
 24/5/1972 - 29/4/1974 30/4/1974 - 29/4/1980 30/4/1980 - 29/10/1985 30/10/1985
 - 27/11/1990 28/11/1990 - 24/9/1997 25/9/1997 - 31/7/2000 Since 1/8/2000 up till
 now
 : M.B.Ch.B Tanta Faculty of Medicine, Alexandria University.

: D.Sc. Parasitology "Subsidiary Bacteriology" Faculty of Medicine, Tanta University.

: Ph.D. Medical Parasitology Tanta Faculty of Medicine, Tanta University.

: Ph.D. Microbiology, The Military Medical Academy Cairo.

: Completed a course in Theoretical and Practical Studies in the Scanning and
 Transmission Electron microscope at National Centre of Researches, Cairo.

: Completed a course in Theoretical and Practical Studies in Radio-Active Isotopes,
 "Principles and Applications" at the Regional Radio-Active Isotopes Centre, Cairo.

: Attended a course in Biological Membranes "Principles, Techniques and
 Applications in Parasitic Diseases" Mexico.

: Completed a course in Theoretical and Practical and Clinical Immunology for fifteen
 months at the Department of Immunology, University of Birmingham, England.

: Elected for a course in "Clinical Immunology" in London, UK.

: Selected for a training course in the field of "Immunity to viruses" in Brazil.

: Attended the 14th International Conference of "Clinical Immunology and Allergy" in
 Kyoto, Japan.

: Attended a Theoretical and Practical Course in "Concepts and Recent Techniques in
 Biotechnology" at the Department of Genetics, Alexandria University. : Attended in
 XVI International congress of Allergy and clinical Immunology in Cancun, Mexico.
 "Accepted paper"

: Attended the Conference of the American Academy of Allergy, Asthma and Clinical
 Immunology in Miami City, USA : Actively participated in the First Training course in
 Immunology "HLA by PCR" at
 Al-Mansoura Faculty of Medicine.

: Actively participated by "accepted paper" in the World Organization Congress XVII
 CACI, held in Vancouver, Canada.

: Actively participated by "accepted paper" in the Annual Meeting of Australian
 Society of Clinical Immunology and Allergy, Sydney.

: Awarded the University Prize of Appreciation in Medical Sciences.

July 1987- September 1988 22-26/1/1990 1-31/10/1990 13-18/10/1991 20-30/6/1997

Academic and Clinical Qualifications and Conferences

December 1970
 April 1974 February 1980
 April 1992 27/10/1984 –
 21/11/1984 1-26/9/1985
 13-20/10/1986

2008-2009

C.V. "Continued"

- The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend the International Conference for Teaching Development from 7-10/4/1998 in France.

- The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend a training course in Cell Researches in Shanghai, China from 31/8/1998 to 12/9/1998.

- The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend a training course sponsored by the International Organization of Cell Researches in cooperation with the UNESCO from 7-18/6/1999 at Puerto Rico University. - The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend a training course in Argentina from 22/11/1999 - 11/12/1999. - The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend a workshop in cooperation with the Molecular Biology Unit, Faculty of Science, Ain Shams from 7/2/2000 for 4 days. - The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend "The Modern Strategies in Parasitic Disease Control and the Role of Molecular Biology in Schistosoma Control" Course at the National Center of Researches in Cairo from 23/9/2000 for 2 days. - The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend a course in Clinical Genetics and the Early Intervention in Mental Retardation in the Field of Human Genetics at the National Center of Researches in Cairo from 4/11/2000 for one week. - The President of the University agreed to Prof. Ahmed Abd El-Rahman Daoud to attend a workshop in the Hereditary Disease at the Molecular Biology Unit, Faculty of Science, Ain Shams University from 23/12/2000 for one week.

Supervision of M.Sc. and Ph. D. Dissertations

1. "Immunological And Bacteriological Study on Ascitic Fluid In Cases of Schistosomal Hepatic Fibrosis."

2. "Autoantibodies In Recurrent Spontaneous Abortion."

M.D. Thesis in Gynaecology by : Yehia Daoud

3. "Studies on the Immune Complexes in Small White Mice Experimentally Infected with Schistosoma mansoni."

4. "Evaluation of the Changes in the Components of the Membranes of the Red Blood Cells in the Small White Mice Experimentally Infected with Schistosoma mansoni."

5. "The Immune Complexes and its Effect on the Reproductive Organs and the Striated Muscles in the small White Mice Experimentally infected with Schistosoma mansoni."

M.D. Thesis by : Samy El Kowrany

6. "Serological and Histopathological Studies on Cryptosporidium in Experimental Animals."

M.D. Thesis by : Nabila Yaseen

7. "Immunological and Parasitological Studies of Toxacara Canis In Experimental Mice."

M.D. Thesis by : Ameerah Abdul Ghaffar

8. "Immunoglobulins, pH, Streptococcus mutants and Lactobacillus Count of Saliva in Children Receiving Anti-neoplastic Therapy."

M.D. Thesis In Pedodontics by : Nagwa Abdel Hady Ghoname

9. "Comparative Studies of The Different Serological Tests in The Diagnosis of Toxoplasmosis In Hepato-Splenomegalic Bilharzial Patients."

M.D. Thesis by : Nadia Mohammed Elwan

10. "Antisperm Antibodies and infertility."

MD. Thesis in Gynaecology by : Ismaeil El Mahrouky

11. "Systemic and Local Humoral Immune Responses in Helicobacter (Campylobacter) Pylori Associated-Chronic Gastritis in Bilharzial and non Bilharzial Patients."

M.D. Thesis in Internal Medicine by : Hegazy Mohamed

12. "Clinical and Parasitological studies on Human Myiasis cases in Tanta."

Msc. Thesis in Parasitology by : Iman Khalifa

13. "Immunological and Electron microscopic studies on Trichinella Spiralis in the white rats."

M.D. thesis in parasitology by : Fetouh Abdel Latif Deyab

14. "Parasitological and Immunological studies on Hymenolipis nana."

M.D. Thesis in Parasitology by : Howaida Ismail Hussein Ismail

15. "Effect of Mebendazole on Cestodes."

Msc. Thesis in Parasitology by : Nabila Yassin

16. "Bancroftian Filariasis in Gharbia, Clinical, Epidemiological and Parasitological aspects."

Msc. In Parasitology by : Sami El Kowrany

17. "Parasitological and Epidemiological study on scabies in Gharbia Governorate."

Msc. Thesis in Parasitology by : Sirriyah El Marhoomy

18. "Cryptosporidium Parasite in the Environmental Sources, Man and Experimental Animals."

MD. thesis by : Iman Khalifa

19. "Histochemical & Immunological study of Autoantibodies against Schistosoma mansoni Ova."

MD. thesis by : Khloud Abdullah

20. "Comparative study of the increase of Eosinophils & Total IgE in the Serum of Parasites

Infected Children in the Absence of Allergy Manifestations."

MSc. Thesis by : Zeinab Shoheib

LIST OF ACCEPTED AND PUBLISHED PAPERS

1. "Immunological study on T agglutinin and immunoglobulins (A.E. G.M) in trichuriasis."

(Accepted in Tanta Medical Journal)

2. "Effect of Some Chemicals on Strongyloides stercoralis larvae."

(The proceedings of the first international congress of Applied sciences, Zakazik University 1985)

3. "Immunological study on Acute Phase Reactant proteins in hepatic schistosomiasis."

(Accepted in Tanta Medical Journal)

4. "Incidence of Parasitic lymphadenitis among other etiological conditions."

(Accepted in Tanta Medical Journal)

5. "The immunosuppressive Effect of Niridzole in Bilharzial Hepatomegaly."

(Accepted in Tanta Medical Journal)

6. "Hycanthon in the Treatment of Egyptian Bilharzial patients."

(Accepted in Tanta Medical Journal, 1984)

7. "The Role of Hymenolepis nana in the Intestinal absorption of Nutrient Materials in Experimental Animals."

8. "Human Visceral leishmaniasis associated with Plasmodium malariae infection. First proven case from Gharbia Governorate."

9. "Trematoda, Lecithodendriidae, Prosthodendriinoe from Cats in Egypt."

(The proceedings of the first Annual Scientific Congress of Tanta Faculty of Medicine. March 1986)

10. "Study of Parasitic Infestation Among Primary School Children In a rural area in Gharbia Governorate."

(The proceedings of the First Annual Scientific Congress of Tanta Faculty of Medicine. March 1986)

11. "An Epidemiologic Study of Scabies in Gharbia Governorate."

(Tanta Medical Journal, Supplement, Vol. 14, No. 1, 1986)

12. "Immunochemical characterization of The Partially Purified Larval Antigens of Trichinella spiralis."

(Tanta Medical Journal Vol. 16, No. 1, June 30, 1986)

13. "Studies on the Immunizing Effect against Trichinella spiralis Infection in mice using

Partially Purified Larval Antigen."

14. "Immunization of Mice with two different Trichinella spiralis Antigens."

(Accepted in Tanta Medical Journal on 4/1/1987)

15. "Clinical, Epidemiological and Parasitological Aspects of Bancroftian Filariasis in Gharbia Governorate."

(Accepted in Tanta Medical Journal on 10/6/1988)

16. "Assessment of Giardia Trophozoite and Cyst Antigens In indirect immunofluorescence test."

(Accepted in Tanta Medical Journal on 22/3/1989)

17. "Preliminary Isolation of Free-Living Amoebae from water in Tanta, Egypt."

(The Fourth Annual Scientific Congress Faculty of Medicine, Tanta University. March 14-15/1989)

18. "Detection of Giardia lamblia Extraluminally in Experimentally Infected Rats."

(Accepted in Tanta Medical Journal on 6/6/1989)

19. "Studies on Immune Complex Formation in Schistosoma mansoni-infected mice."

(The Spring Meeting of The British Society for Immunology. March, 29, 30, 31 / 1989)

20. "Giardia Lamblia: Differences in the Virulence of Various Isolates."

(Accepted in Tanta Medical Journal on 3/12/1989)

21. "Experimental Cryptosporidiasis in Mice. Diagnosis And Treatment."

(Accepted in Tanta Medical Journal on 28/2/1990)

22. "Amyloid Reaction in association with Trichinella infection in rats."

(The Fifth Annual Tanta Medical Conference on 21-22 March 1990)

23. "Immunopathological and Histochemical Studies on the Reproductive Organs in mice experimentally infected with *Shistosoma mansoni*."

(The Seventh Scientific Conference of Tanta Faculty of Medicine, 1992)

24. "Renal changes in *Trichinella spiralis* infection in white rats."

(The XVI International Congress of Allergy and Clinical Immunology in Cancun, Mexico, 1997)

25. "Skin test for house dust mite *Dermatophagoides pteromyssinus*. Evaluation of reactivity among both asthmatics and non allergic children."

(The World Allergy organization congress XVIII ICACI held in Vancouver, Canada, 7-12 September 2003)

26. "A Prospective Clinical Study Evaluating the Role of Colchicine on Vitamin E in combination with Praziquantel in treatment of human *Schistosoma mansoni*."

(The 17th Scientific meeting of the Australasian Society of Clinical Immunology & Allergy "ASCIA" 7-10 September 2006 Manly Pacific Hotel, Manly Beach, Sydney, Australia)

27. "The Role of *Sarcoptes scabiei* infection in the Extracuticular Pathology in infected rabbits."

(The 17th Scientific meeting of the Australasian Society Of Clinical Immunology & Allergy "ASCIA" 7-10 September 2006 Manly Pacific Hotel, Manly Beach, Sydney, Australia)

28. "Experimental Heterophyiasis. Histopathological and Immunological Study."

(The Egyptian Journal of Medical Sciences, Vol.26-No.2-December 2005:895-908)

- ☐ Responsible for the theoretical, practical and clinical immunology course for the Msc & M.D. Degrees in Parasitology, clinical pathology, Bacteriology, Public health, Tropical medicine and Cardiology.
- ☐ Head of the Medical laboratory "Dubai Kuwait Hospital" from 5-11-1975 - 25-11-1997.
- ☐ Head of the Medical laboratory "Ajman Kuwait Hospital" Ajman Kuwait Hospital" 27-11-1981 - 28-10-1983.
- ☐ Worked for 10 months in Asthma & Allergy field at the Asthma and Allergy clinic "Birmingham chest clinic" England between 14th July 1987 to 31st August 1988.
- ☐ Spent 5 months from the period April 1988 to September 1988 at the lung Immunobiochemical research Laboratory." Clinical teaching Block, the General Hospital, Birmingham, England.
- ☐ Spent few weeks in Blood transfusion service and tissue typing "National Blood transfusion service, west Midland Regional Health Authority, Birmingham, England.
- ☐ Spent few weeks in Infertility Unit "Birmingham Maternity Hospital, Birmingham, England.
- ☐ Passed the first part of the M.Sc examination in Internal Medicine.
- ☐ Developed two new techniques for measuring total IgA & IgA1 in the Serum & Bronchoalveolar lavage by "ELISA".
